

Fux USB Flash Drive

Item no.:10210

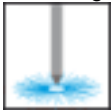

Metal

The popular Fux USB Flash Drive is a memory stick with a cap. It is also equipped with a small keyring. Its robust case made from aluminium alloy and an exterior rim of high quality processed and shock proof plastic ensure secure data transport. A green LED light flashes when data is processed. The exterior rim is available in five colours, special colours are available on request. Additionally your company logo can be printed or engraved on both sides of the memory stick.
